

## Attention Parents:

The U.S. Postal Service has announced that several zip codes have been changed in the South School Zone.

If you received a letter from the post office or heard about zip code changes in your area you should notify your child's school about your new zip code.

Please call Mr./Ms. \_\_\_\_\_ at telephone number \_\_\_\_\_ to report your new zip code.

Information going out to parents from the school will not reach you if you were impacted by a zip code change and do not notify the school.

Please report any change in your address, including zip code changes, to your school.
